Dear Mr. Andree,

**NOTICE OF AUTHORIZATION TO APPLY THE UL LISTING MARK AND
UL LISTING MARK FOR CANADA**

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure, and serves as authorization to apply the UL Listing Mark and Listing Mark For Canada to the above product(s).

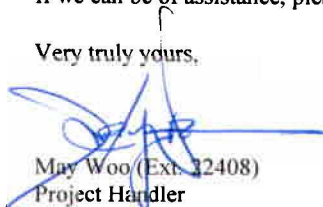

To provide the manufacturer with the intended authorization to apply the UL Listing Mark and Listing Mark For Canada you, the Applicant, must send a copy of this Notice to each manufacturing location covered by a UL Follow-Up Service Procedure, File E242056, Volume 1 Sections 1 and 2.

Products produced which bear the UL Listing Mark and Listing Mark For Canada shall be identical to those which were evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Listing Mark and Listing Mark For Canada may be withdrawn and products that bear the UL Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

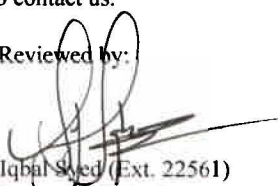

Within Canada, there are federal and local statutes and regulations, such as the Consumer Packaging and Labeling Act, requiring the use of bilingual product makings on products intended for the Canadian market. It is the responsibility of the manufacturer (or distributor) to comply with this law. The UL Follow-Up Service Procedures will only include the English version of the markings.

If we can be of assistance, please do not hesitate to contact us.

Very truly yours,
