DIGITUS® Velcro Tape for structured cabling

With the DIGITUS® Velcro Tape for structured cabling you will reduce the chaos with your cabling inside of your cabinets. The Velcro Tape provides an optimized support for your cables with its 20mm width and the perfect adhesive material. The overall length of 10m per roll leaves a big scope for use. Whether full cable harness in the panel of your DIGITUS® Network- or Server Cabinet or paired versions of patch cables; with the DIGITUS® Velcro Tape your ensure a perfect cohesion. The multiple usable tape fits close and regularly and doesn't put too much pressure on the cables, so it fits for sensitive installations.
